Fort Pierce, Florida 34946

Re: Laboratory Services

Dear Ms. Cromer,

As you are aware, the Harbor Branch Environmental Quality Laboratory provides environmental laboratory services to the City of Stuart's Water and Wastewater Treatment facilities.

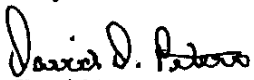

We wish to express our satisfaction with the quality of service and your prompt reporting of our laboratory results.

The City of Stuart's Wastewater Treatment Facility received the Florida Rural Water Association's "2000 Wastewater System of the Year" Award, the Florida Department of Environmental Protection's "2000 Operation and Maintenance Excellence" Award and the United States Environmental Protection Agency's Region 4 "2000 Operations and Maintenance Excellence" Award.

The aforementioned recognition would not have been possible without the efforts of the Harbor Branch Environmental Quality Laboratory in providing both quality service and excellent reporting of our laboratory results.

Should you have any questions please do not hesitate to contact me.

Sincerely,
City of Stuart

David D. Peters
Utilities Coordinator
